

World Water Day 2017 Naperville, Illinois

Dr. Prakasam Tata, Founder/Director of the Bharathi Theertha organization celebrated the World Water Day on Saturday, March 25, 2017 in Naperville at the Nichols library. The flier in the following page provides further information on this event. This year the Bharathi Theertha organization developed a working relationship with the Chicago Metropolitan Water Reclamation District (MWRD) through a joint agreement with the MWRB.

As a part of the ROW Foundation the Bharathi Theertha organization conducted a water walk in Vizag in 2015. The banner used in the march is shown below.

The flier on the water discussion conducted on March 25th this year is below.

Bharathi Theertha
Invites you to Celebrate

WORLD WATER DAY

Venue: Nichols Public Library

200 W Jefferson Ave, Naperville, IL 60540.

Date: March 25, 2017 Saturday

Time: 2.00 PM to 4.30 PM

In 1993, United Nations declared March 22nd as World Water Day. It is celebrated annually with a specific theme as a means of focusing attention on the importance of freshwater and advocating for sustainable development of the countries around world. The theme of World Water Day celebration this year is:

“Why Waste Water.”

A delegation of senior professionals of the Metropolitan Water Reclamation District of Greater Chicago (MWRD), went to India in 2016 and 2017 to conduct workshops. They helped in having a MOU between the MWRD and Env. Prot., Trng., and Res., Institute, Hyderabad, Telangana. They will be recognized.

Four members of the Rotary Club of Naperville will also be recognized for their dedicated and selfless service to implement water and health related projects in many countries including India. This event will have a great influence and compassionate support and interaction between the local experts in US and the technical staff and managers in Telangana area, India, who have difficulties in keeping the wastewater plants running and operational.

Prakasam Tata, Ph.D., BCES, QEP (Emeritus)
