

2017 WWD Wuhan trash pick-up activity

The March 25 and 26, 2017 (WWD) riverside trash pick-up activity on the banks of the Yangtze River was a complete success!

- 1、A total of 178 university student and primary school student and citizen volunteers attended the activity.
- 2、We picked up about 340 kg of garbage.
- 3、Garbage was picked up along the Wuhan Hankou Yangtze Riverside Park and along the Wuchang Yangtze Riverside Park.
- 4、4 teams from local universities and 2 teams from local primary schools participated.
