

World Water Day (WWD) 2026

Naperville, Illinois

Summary Report

Rivers of the World
FOUNDATION
Mending Our Water Ways

Event 1: On March 22, 2026, in Naperville, Illinois, Dr. Prakasam Tata organized a seminar on water and the environment, recognizing the dedicated contributions of several active volunteers.

Water and Waste Management (WWM) actively participated in the initiative. Mr. Sam Pappu served as the MC for the event, while Mr. Chetan Kale, CEO of Kaletech, played an active role in organizing the program alongside Dr. Prakasam Tata.

Event 2: Bharathi Theertha and Rotary Club of Naperville, led by Dr. Prakasam Tata and Chetan Kale with about 20 people from the area joined hands together in a awareness and education program for the local community in Naperville, Illinois, USA.

The discussion focused on resilient, affordable and decarbonized energy for Data Centers with alternate prime movers for combined heat and power.
